

FinBot Product Catalogue

A fictional 10-product financial-services catalogue designed specifically for the FinBot recommendation and RAG prototype.

Controlled product domains

Banking · Lending · Investments · Insurance · Cards · Retirement

How FinBot uses this catalogue

Each product has a stable `product_id` and deterministic metadata such as `product_domain`, `product_type`, `target_customer`, and `region`. Product features, benefits, and semantic descriptions provide the natural-language content used for embedding and similarity search.

Example tool flow

User request → LLM extracts filters → `get_products(product_domain/product_type/etc.)` → metadata filtering → semantic search over product content → top relevant product chunks → retrieve complete product details → LLM recommendation.

Important prototype rule

The catalogue is fictional and should be used only to demonstrate retrieval, metadata filtering, ranking, and voice-agent recommendation behavior.

SecureLife Health Plan

Product ID	FIN-P001	Domain	Insurance
Product Type	Health Insurance	Target Customer	Individuals & families
Region	India	Price / Range	■8,000—■30,000/year
Features	Hospitalization cover, cashless hospital network, pre-existing condition coverage after waiting period, annual health check-up.	Eligibility	Adults 18–65; spouse and dependent children may be covered.
Benefits	Comprehensive medical protection with individual or family coverage options.	Semantic Description	Suitable for people who want protection from unexpected hospital and medical expenses, especially individuals or families looking for broad healthcare coverage.

FamilyShield Plus

Product ID	FIN-P002	Domain	Insurance
Product Type	Health Insurance	Target Customer	Families with children
Region	India	Price / Range	■15,000—■45,000/year
Features	Family floater coverage, hospitalization, daycare procedures, optional maternity and newborn add-ons.	Eligibility	Primary member 21–60; spouse and dependent children eligible.
Benefits	One shared cover for the family with optional protection for maternity and newborn expenses.	Semantic Description	Designed for families with children who want one health plan covering multiple family members and protection against hospitalization costs.

Flexi Personal Loan

Product ID	FIN-P003	Domain	Lending
Product Type	Personal Loan	Target Customer	Salaried & self-employed customers
Region	India	Price / Range	■50,000—■15,00,000; rate based on profile
Features	Unsecured borrowing, flexible tenure, digital application, optional part-prepayment.	Eligibility	Age 21–60; minimum income ■25,000/month; credit assessment required.
Benefits	Access funds without pledging a home or other collateral, subject to credit assessment.	Semantic Description	Useful when a customer needs money quickly for an unexpected expense or major purchase and prefers an unsecured loan without collateral.

HomeFirst Mortgage

Product ID	FIN-P004	Domain	Lending
Product Type	Home Loan	Target Customer	Home buyers & refinancers
Region	India	Price / Range	■10,00,000—■2,00,00,000; rate based on profile
Features	Home purchase financing, balance transfer, tenure up to 30 years, floating-rate option.	Eligibility	Age 21–70 at maturity; income and property assessment required.
Benefits	Financing for purchasing a home or refinancing an existing home loan with a long repayment period.	Semantic Description	For customers planning to buy a house or move an existing mortgage to a different lender and needing a large, long-term loan.

SmartSave Fixed Deposit

Product ID	FIN-P005	Domain	Investments
Product Type	Fixed Deposit	Target Customer	Conservative savers
Region	India	Price / Range	Minimum deposit ■5,000
Features	Fixed interest rate, 6-month to 5-year tenures, premature withdrawal subject to terms.	Eligibility	Individuals and eligible entities; KYC required.
Benefits	Predictable returns and lower market exposure compared with market-linked investments.	Semantic Description	Suitable for someone who prioritizes predictable returns, capital stability, and lower market risk rather than high growth.

GoalBuilder SIP

Product ID	FIN-P006	Domain	Investments
Product Type	SIP	Target Customer	Long-term investors
Region	India	Price / Range	Starting from ■500/month
Features	Monthly SIP, diversified mutual-fund options, automated contributions, goal tracking.	Eligibility	KYC-compliant investors; risk depends on selected fund.
Benefits	Encourages disciplined monthly investing and diversification for long-term wealth creation.	Semantic Description	Ideal for customers who can invest a smaller amount every month and want to build wealth over a long period through disciplined investing.

Prime Rewards Credit Card

Product ID	FIN-P007	Domain	Cards
Product Type	Credit Card	Target Customer	Frequent shoppers & travelers
Region	India	Price / Range	■1,499 annual fee; waiver may apply based on spending
Features	Reward points, dining offers, travel benefits, contactless payments, EMI conversion.	Eligibility	Age 21–65; income and credit assessment required.
Benefits	Rewards on everyday purchases plus selected travel and dining benefits.	Semantic Description	Best suited to customers who spend frequently on shopping, dining, and travel and want rewards or points from everyday card spending.

Everyday Zero-Fee Account

Product ID	FIN-P008	Domain	Banking
Product Type	Savings Account	Target Customer	Everyday banking customers
Region	India	Price / Range	No monthly maintenance fee
Features	Digital account opening, UPI, debit card, mobile banking, low minimum balance requirement.	Eligibility	Resident individuals aged 18+; KYC required.
Benefits	Simple everyday banking with convenient digital payments and account access.	Semantic Description	For someone who needs a straightforward bank account for everyday transactions, UPI payments, debit-card spending, and mobile banking.

TravelGuard International

Product ID	FIN-P009	Domain	Insurance
Product Type	Travel Insurance	Target Customer	International travelers
Region	India	Price / Range	■800–■8,000/trip
Features	Emergency medical cover, trip interruption, baggage loss, travel assistance.	Eligibility	Eligible travelers departing from India; age and destination conditions apply.
Benefits	Financial protection against common medical and travel emergencies abroad.	Semantic Description	For people travelling internationally who are concerned about medical emergencies abroad, cancelled or interrupted trips, baggage problems, or needing travel assistance.

RetireWise Pension Plan

Product ID	FIN-P010	Domain	Retirement
Product Type	Pension Plan	Target Customer	Customers planning for retirement
Region	India	Price / Range	Starting from ■1,000/month
Features	Regular retirement contributions, annuity/pension options, configurable retirement age.	Eligibility	Adults 18–60; product-specific contribution rules apply.
Benefits	Structured retirement planning with potential regular income after retirement.	Semantic Description	For customers who want to start preparing for retirement, build a long-term corpus, and potentially create regular income after they stop working.
